Town of Stonington Building Permit Application

This is an application only! You may not start you project until the application is complete and the appropriate issuing authority has signed this application and issued a permit. For more information please contact Judith Jenkins, Code Enforcement Officer Tuesdays at the Town Office by calling 367-2351 ext. 11, or by calling 266-0785.

Check-Off List for Complete Application

All applications must include:

- ___ **Application:** Complete both pages of this application form and sign on second page.
- ___ **Drawings:** Attach 2 drawings/sketches
 - #1: plot plan showing exact location of the construction within your lot & distance to property lines, roads, ocean, other structures, etc.
 - #2: sketch or sketches of the floor plans and side views
- ___ **Permit Fee:** Permit fee must be paid prior to review. Please see attached fee schedule.
Automatic 5X permit fee if applying for a permit after construction has begun (in addition to other possible fines)
- ___ **Plumbing Permits:** Depending on your project you may need a septic permit (for new or expanded systems), internal plumbing permit (for new, expanded, or changed internal plumbing and fixtures), and/or a Sanitary District permit (if tying into the Town Sewer). Contact Roger Stone, LPI, at the Town Office: 367-2351. Attach a copy of all applicable permits.
- ___ **Other Permits:** Depending on your project, you may need other permits as well, such as from the DEP (for certain projects near the water), Subdivision approval (for lots and structures), etc.
- ___ **Traffic Management:** Depending on your project, the contractor or owner must be aware and is responsible for any local or state traffic management issues that may arise from the project.
- ___ **Stonington Sanitary District Permit:** Required if property is located within District service area.
- ___ **FEMA Flood Hazard Permit**

This application has been:

Denied **Approved** **Approved with the following conditions:**

Signature _____ Title _____ Date _____

Permits must be signed by the Code Enforcement Officer (or Planning Board Chairman in some cases) for permit to be valid. Permits are good for one year from date of issue. You must have substantially started the project prior to the expiration of the permit. Failure to do so will require another permit and re-payment of the permit fee. "Substantially" means that you must have completed 30% of the permitted structure or use measured as a percentage of total cost.
