- 1. Skip Greenlaw -INH-Skip and Leon came to ask for \$100K from the towns for restarting the INH facility as a res care only. Discussion took place about their deficit budget of \$500K, TM asked if it was correct that it would be every year for a town meeting request because res care can't support the expense of the budget or the amount of Medicare reimbursement will not cover the costs. Skip was waffling on the budget, some discussion on whether the budget expenses were 2019 or had recent inflation costs factored in. Leon said we needed to put up or shut up because we petitioned them to open the facility. Linda Nelson said the petition was for not selling the skilled nursing bed revenue stream. TM mentioned they would need to do a petition to put it on for a town meeting request.**
- 2. Department updates, projects-TM went over dept activities, Transfer Station demo, shingle and other piles were being hauled off now, PW staff is working on their work plan for 2023 and their budget items needed to check prices as well. TM asked John to check with them about a chipper.**

Old Business-None

New Business-TM went over a few items. School budget is frozen due to inflation, will check with Supt, also got a request for a budget referendum due to repair costs, still looking for information what they exactly will be doing & 2023-2024 budget as well. Clam committee had some issues with a member, will be speaking with George to keep them calmer. TM described the ACO program, costs associated with it, calls going through the 911 system, and being prosecuted and the time & costs associated with it compared to present budget with TM doing it. TM said she is off the rest of the week for vacation.
