- 1. Supt-School budget presentation-Jane and Supt Hurvitt brought copy of finished budget. Approx. 6.5M. Used some carryover, using some for maintenance, eliminated one position and combined others to hold budget for inflation period we are in. Hearing on May 31 at High School. Election on June 14th for the budget.**
- 2. Joe Coomer-skiff lottery-Joe read off paper on his disappointment not getting a skiff permit due to the change in the town's policy due to more requests than spaces for the Public Landing. He did say he had held one for 20 years. Didn't see it in the paper. Doesn't get IAV. TM said posted on website on boards. He asked to add floats, measured around and could add on more spots than 12. Evelyn mentioned HC only felt 12 and leaves space for transient boats coming and going in the Harbor. Board discussed the recent change in policy and requests for spaces and felt lottery was the fairest that could be done to give others a chance to have some skiff space instead the same ones each year. No actions were taken.**

3. **Project updates**-TM gave a rundown of items taken care of so far, Little Village will be out soon, sweeper came, will be back to do catch basins, ditching on Airport Road is continuing, cemeteries being cleaned up for mowing soon on Memorial Day, and will be continuing painting striping. Will be driving ash samples to NEL labs soon.

Old Business-Talked about nursing home and lack of information coming out regarding Covenant report, other items.

New Business-TM mentioned at the County Gov the County Manager had just resigned and Assistant Manager Becky is gone too, plus the Admin Assistant in the office. Just new county treasure left
