Xmas: Billings would like to close the Town offices after lunch Christmas Eve
Board approved
Billings stated that as Christmas is Thursday employees would like the option
to use vacation or personal day for Friday. Board did not have a problem
doing this as long as someone will man the transfer station on Friday

Old/New: Billings reported on last week's Ordinance public hearing/question section.
She is concerned about including a section on working fishing industry.
She read a proposed insertion written by Planning Board member
Dave Ryan. Board thought the paragraph was very good and asked Billings
to have it inserted in the next draft.
Billings reported that the Planning Board has denied a permit for 21 Main.
Owners my request information from Selectmen, and office as they are
probably going to contest the ruling.

Budget: Went over proposed 2026 Budget. Billings will make changes proposed
and bring a new draft back to the Board
Duncan went over 2025 income, 2025 expenses not expended, and overlay
not used. Board then discussed possible proposed increases to various reserve
funds. Billings will draft new list and bring back to Board
